ROCHEM (INDIA) PVT. LTD., (An ISO 9001 : 2000 Certified Company), are recognized leaders in manufacturing and marketing of chemicals to global marine and shore based industries. We provide innovative technology, responsive delivery and cost effective solutions to our customer's needs, thus helping them in achieving operational efficiency and regulatory compliances. The Company's technical know-how from International Market leaders "Rochem International", on whose formulations our entire product range is based.

ROCHEM (INDIA) was incorporated in 1986 as a small scale industry registered with the Directorate of Industries, Maharashtra. Over the years the Company has grown many-fold to establish itself as the market leader in Industrial and Marine chemicals business in India. Through extensive research and innovative technique, we've always managed to stay **"One Step Ahead"** of our competitors.

Rochem (India) manufactures a wide range of advanced line of chemicals that include fuel oil additives, state-of-the-art tank cleaners, degreasers, specialty and general cleaners, maintenance chemicals for cleaning of electric and electronic equipment and treatment chemicals for Boiler water and Cooling water to prevent scales and corrosion.

Additionally we also provide a wide-range of Testing chemicals and equipment and complete test kits.
